Academic Institutions Committee

The Academic Institutions Committee (AIC) is the academic institutions networking arm of the WFATT. The AIC serves as a body of academic institutions offering Athletic Training and Therapy academic programs and members of the WFATT. This may include collaborative networking, exchange programs, and research opportunities. It is also a resource to the Executive Committee and works collaboratively with other WFATT committees.

Marketing & Communications Committee

The Marketing and Promotion Committee (MPC) is the communication arm of the WFATT. The committee is charged with managing the WFATT website and other social media communication tools including Facebook, Twitter and Instagram. The committee highlights our members through our Member Spotlight feature on the website and coordinates our quarterly podcast. They also play a leading role in our annual ATT day.

Education & Research Committee

The Education/Research Committee (ERC) is comprised of experts representing the WFATT in the area of Athletic Training and Therapy education and research. They coordinate the research and poster presentation portion of the biannual World Congress. The committee also serves as a resource for research-related questions arising from the WFATT Executive Committee and member organizations.

World Congress Committee

The World Congress Committee (WCC) coordinates applications to host the World Congress. The committee works with the local organizing committee to plan and manage the event.

International Development Committee

The International Development Committee (IDC) promotes the WFATT to other international organizations such as the International Olympic Committee (IOC), Federation Internationale de Medicin Sportive (FIMS), World Health Organization (WHO), United Nations Educational, Scientific, and Cultural Organization (UNESCO). It also consults with groups in emerging markets internationally interested in organizing as an ATT profession.

Sponsorship Committee

The Sponsorship Committee (SC) exists to promote the World Federation of Athletic Therapy Vision, Mission, Strategic Goals and to present sponsorship opportunities to corporate, institutional sponsors.

Task Force Opportunities

The WFATT is actively looking for volunteers for short-term (3-6 months) projects that support the mission of the WFATT and our members.

For more information about the WFATT, visit https://www.wfatt.org/

World Federation of Athletic Training and Therapy

The WFATT is looking for volunteer leaders to serve on one of our committees or task force priorities.

If you are an Athletic Trainer,
Athletic Therapist or Sport
Rehabilitator and have a passion to
promote and educate others on the
global scale then this is opportunity
for you.

Please review our standing committee charge summaries. If you are interested in serving on a committee or an upcoming task force project, please email WFATT President – Brian Zeller with your interest along with a current Curriculum Vitae.

Brian Zeller, PhD, LAT, ATC bzeller@winona.edu
